MONEY WASTED ON ROADS

Over Half of Annual Appropriation for Road Improvement Squandered

WORK ROADS IN SPRING

Many Helpful Suggestions as to How and When to Work Roads in Order to Derive Best Results

If one were to ask wherein the greatest incompetence in civic administration is shown, where the results are the least for the money expended, where ignorance and stupidity dominate and recklessness reigns, one would be compelled to say that it is in the management of the public highways.

The state of Illinois is expending for roads and bridges annually nearly \$5,000,000 less than one-half of which is spent intelligently and a large part of the other half is worse than wasted. The State Highway commission is doing splendid service in seeking to abate the evil and start a more rational system of road administration, and in this they should have the earnest support of every citizen. Among other things accomplished, the commission has had an investigation made through the rural mail carriers, as to the time of the year when roads were worked, and the returns from over one-third of the whole state mileage show that only 32 per cent of the work on earth roads is done at the proper time, namely, in the spring, that 23 per cent is done in midsummer and 45 per cent, nearly one-half, done in the fall of the year.

While work on hard roads may be done at almost any time, no work should be permitted on earth roads, that disturbs the surface, except in the spring, so that the early rains and the summer traffic may thoroughly consolidate the road way before the winter season sets in. Except dragging with a split log drag or its equivalent, which should always be used immediately after rains, no road work should be permitted after the first of July. Work done in the fall of the year upon earth roads is not only money wasted, but generally results in actual damage to the road and injuries and conditions throughout the winter. Millions of dollars have thus been squandered and thousands of miles of roads made worse instead of better by fall work and the so-called labor tax system, where the farmers gather late in the year and spend a few days with plow and scraper, doing \$100 of damage to work out a \$50 tax.

The immediate and most pressing need under existing conditions is a proper understanding by the highway officials as to what to do and when to do it, and a law ought to be passed with severe penalties attached, for working the roads out of season. The State Highway commission was created for the purpose of assisting and advising highway officials how to proceed in order to get the best results for the money available. It is an efficient and capable body and should be made use of. It has published the "Road Drag Law" and suggestions for carrying it out, an excellent bulletin that ought to be in the hands of every one charged with the care of highways. Such would do well to send to Springfield for this bulletin, make a road drag as suggested and see that it is used.

ANTIOCH GIRL MARRIED IN CHICAGO

On Thursday, January 23, at 642 West Adams street, Chicago, occurred the marriage of Miss Ellen Lois Garwood to Mr. Albert C. Miller. The bride is the third daughter of Mr. and Mrs. Harmon Garwood of Channahon, a bright and charming young lady and has many friends here who while sorry to learn that her home is not to be among us unite in wishing much joy and happiness in her wedded life.

The groom, although a stranger here, is an enterprising young man who has a lucrative position in the city.

The young couple will make their home in Chicago at the place in which they were married. The News joins with their large circle of friends in wishing them a long and happy life together.

Lucky Horacehoe. People who affect not to believe in popular superstitions are recommended to study an episode in which a horacehoe figured at Burton. Horacehoes, of course, are lucky. This particular one was hung through the glass of the window of a railway compartment in which were seated seven passengers, but was not injured in the least. —London Globe.

GOVERNMENT BREAKWATER

Will Extend From Naval Training Station to Mouth of Waukegan Harbor

It is expected that within short time the United States government will construct a break water extending from the mouth of the harbor at the naval station to that of the Waukegan harbor.

This will form a magnificent inner basin along the entire lake front which will be used by pleasure craft of all descriptions as well as merchant vessels.

Thus when Ross Park of thirty acres, which lies along the lake shore, is developed into a beautiful place, and if Waukegan is so fortunate as to be able to secure the government testing plant, with its \$500,000 buildings and accompanying beautiful grounds and locate it along the edge of the park, these, together with the naval reservation, will make the most beautiful place in this whole section of the country outside of Lincoln Park, Chicago.

Ordinarily, people don't realize the importance of the work at the naval station its large scale and its effect on cities.

There will be about 150 instructors who must live outside the reservation. These men have all been through the service and will be retired. Their position here will be a life job. They are mostly men of family, will demand up-to-date dwellings with all improvements, and are willing and able to pay good prices and rents for such property.

The North Chicago Times, from which part of the above was taken, asserts that Waukegan has offered to raise part of the money for the purchase of the necessary fifteen acres to case North Chicago gets the government testing plant and that Waukegan has offered two sites thus far, one in North Chicago and one north of Waukegan harbor.

LAKE FOREST MAYOR FOR REPRESENTATIVE

The Lake Forester says in its current issue:

This is the year that according to the mutual understanding between the counties of this district, Lake county gets the Representative and the senatorship goes to Boone or McHenry county.

Thus far there is but one candidate, A. K. Stearns of Waukegan, who has twice before been a candidate for the same office.

While we have nothing to say at present against the candidacy of Mr. Stearns, we desire to present the name of Mayor David H. Jackson of Lake Forest, as a candidate for the position. While Mr. Jackson has not decided to become a candidate a number of his friends are urging him to do so, and it is probable that he will make an announcement in a short time.

Mr. Jackson is well known throughout the district. He has been an active worker in the Republican party ever since attaining his majority and as chairman of the county central committee has formed a large acquaintance with the active workers in the party; he is a graduate of Lake Forest college and a lawyer of ability. His education, experience and general character fit him for filling the position with credit to himself and to the people of the district.

Should Mr. Jackson decide to become a candidate we bespeak for him a hearty following in every county in the district.

CARLOAD OF CARP SHIPPED TO NEW YORK

Ben Stilling of Pistakee Bay, who has charge of the carp being, shipped a carload of carp weighing 24,000 pounds to New York city.

The seining has been going on industriously for the past three months, and some idea of the amount of work done and the number of carp contained in nearby waters may be obtained from the following figures:

Mr. Stilling tells that 15,206 head of carp have been taken, 31,600 pounds have been sold and he still has about 50,000 pounds on hand. A few more seasons of such good work ought to clear the lakes of objectionable fish and make the game fishing again come up to the standard the Fox Lake region held years ago.

NOTICE.

Located in the southwest part of North Dakota, Bowman and Billings counties, now offer opportunities to settlers and investors which in a short time will be a thing of the past. I have personally traveled extensively through this section and would consider these lands for sale a safe investment. Good water is to be had at various depths, ranging from 15 to 30 feet. I will locate you, free of cost, on a government homestead, adjoining the land you buy. The coast extension of the C. M. & St. P. R. R. and the Northern Pacific traverses these lands which can now be bought at bottom prices, ranging from \$8.00 to \$18.00 per acre, according to location. Are these lands increasing in value? For particulars address, Frank D. Huber, Antioch, Ill. 22

TRAMP HOLDS UP FARMER

Cornelius O'Hare Victim of a Most Daring Holdup Saturday A. M.

DEMANDS HIS BREAKFAST

The Tramp Used a Loaded Revolver as a Means of Emphasizing His Demands

The most spectacular and daring holdup of an unusual sort that ever happened in Lake county took place Saturday morning at a lonely farm house near Roundout.

A grizzled tramp, wan and weary from hunger, held up Cornelius O'Hare, a bachelor farmer, at the point of a gun. The holdup was not for money, for treasures the former might have had concealed, or for jewels. It was plainly and simply for something to eat.

Mr. O'Hare had just finished washing the breakfast dishes when there was a terrific thump at the door.

Responding to the knock he opened the aperture only to gaze into the muzzle of a loaded revolver which was poked into his face.

"I want something to eat, and I want it damned quick," commanded the voice behind the gun.

"I am a desperate man. They have hunted me from pillar to post until I am ready to drop. Every place I go they regard me as a criminal when I ask for something to eat and set the police on me. Now I have made up my mind to get something to eat before I starve and it is up to you."

O'Hare prepared the tramp a meal. The tramp laid the revolver on the table by his side and while he ate kept guard. When he finished he picked up the gun again and left, without attempting to run away or in any manner making undue haste.

Roundout is the place at which many holdups are dropped off to wander into the depths of Lake county. It is generally regarded as a resort for dangerous characters and the notorious blind pig in operation there does not improve its unsavory reputation.

O'Hare resides in a little cot not far from the plant of the Chicago Reso Company.

HARBOR TO BE COMPLETED IN SIX WEEKS

The United States naval training station harbor at North Chicago will be completed in six weeks and ready for use.

The contractors state that the end of their work is in sight and are hurrying it along to finish about the time mentioned. The hardpan and sand of the bed of the Pettibone creek gives way better to the shovel in winter than in summer, being of a firmer consistency and is handled twice as easily, which accounts for the fact that the steam shovel or dredge has been at work all winter and meeting with no set backs whatever.

The piling for the harbor has all been ordered and some of it is now on truck in train loads, and ready to be unloaded and driven in. The prospects are that a few weeks will see the contractors handing the job over to the government complete and ready for use.

The harbor is about eleven feet deep, several hundred feet wide and extends up the bed of the Pettibone several hundred feet.

What the Heart Does.

This so-called most delicate of organs, the most vital, may be God's principal handwork. There are scientists to-day who can make a man, but they cannot cause his heart to beat. The human heart is about 5 by 3 1/2 by 2 1/2 inches in size. It weighs from 8 to 12 ounces, and its capacity is from 4 to 6 ounces in each ventricle. It is a hollow muscular organ, through which passes 22 1/2 pounds of blood every minute. Gaze on these figures and wonder! Sixteen tons of blood pass through it every 24 hours! Do some more thinking. It beats about 72 times a minute in a healthy adult man. Now, think still harder—in one year 11,664,000 pounds of blood pass through the heart. Such figures stagger humanity.

NOTICE TO TAX PAYERS

The taxes for the township of Antioch are now due. I will be at the store of Onus Webb in Antioch on Saturdays and at Rowling & Barnstable's store in Lake Villa on Wednesdays of each week. 1916 Percival Dibble, Collector.

ZION CITY SCHOOLS CLOSED

Two Teachers Break Down with Measles in Sight of Pupils Monday

REPORT SIXTY-FOUR CASES

Children Under Fourteen All Placed in Quarantine and Schools Close for Two Solid Weeks

Sixty-four cases of measles in Zion City families among the children caused the suspension of every school in the city Tuesday morning and the quarantining of every child under the age of fourteen for two weeks.

These two precautions were taken by Health Commissioner LaRose. The schools will be closed for two weeks or longer if necessary to stifle the epidemic and children are all ordered to remain at their homes and not to communicate with other children.

Homes in which the measles have broken out are under a rigid system of quarantine.

The first realization of the plague came Monday night, when it was discovered that all told there were forty-five cases of the measles in the city. Twenty more were reported and then the health commission got busy.

It is said that Monday two teachers broke out with the measles right in plain sight of their classes at work, one a Miss Tate, and the other one whose name cannot be learned.

One belonged to the Twenty-first street school and the other to the Thirty-first street school. There are four schools in the city and all are closed pending developments in two weeks.

The outbreak began the first of January, but as is usual in such cases was not expected to assume dangerous proportions as now.

There are perhaps 4,000 people in Zion City.

WAUKEGAN TO DEMAND MILK TEST

Since doctors in and about Waukegan announce that they are not of the opinion that the epidemic of typhoid fever that is so prevalent at the present time is caused by germs in the lake water, many are inclined to blame milk that is taken from Lake county cows.

In an interview one of the city's doctors stated that he had pondered considerably over the cause of the large number of cases in Waukegan at present and that he had discovered that almost all the patients who are at present afflicted with typhoid fever do not drink lake water, so this can not be blamed.

When questioned further on this fact and asked if he was of the opinion that brewery grain could have caused this, he stated that he was not sure of this, but that providing the grain was stale when fed that this would cause germs about as quick as any fluid that was taken into the stomach.

It has been proven at various times that almost every farmer in this county who delivers milk in the county feeds his cows this brewery grain. Every Tuesday and Friday they may be seen lined up at the Waukegan brewery purchasing this grain. They admit feeding it, although it is a violation of the state law. No tests have been taken in Waukegan for many months, until now residents of that city advocate petitioning the city council to employ an agent whose sole duty will be to examine milk that is sold in Waukegan from time to time and if he finds any that does not make the proper test to report it to the state officials immediately.

Population.

"How many people in this place?" asked a curious traveler of an Indian native, as the train stopped at a western water-tank. "Wal," replied the native, "I guess there's about 20 providin' old Hank Williams ain't dead yet; he was mighty sick this mornin'." "That's a new arrival expected, though, and that'll still make it the same when Hank dies; that is, providin' the new arrival ain't twine." —Illustrated Sunday Magazine.

Antiquity of Beer.

The ancients had beer, but whether it was made from hops does not appear. It is known that the Egyptians made beer from barley, and Pliny writes of a beer that was made in Gaul and other parts of Europe from corn and water. Lager beer, or German beer, is probably of comparatively modern date. —N. Y. American.

OLD SOLDIER PASSED AWAY

John Horan Died at Danville Last July Relatives Not Notified.

On Wednesday evening of last week Mrs. Hannah Horan received a letter which solved the mystery surrounding the whereabouts of her father-in-law, Mr. John Horan, a well known resident of this place. For the past three years Mr. Horan has spent most of his time at various Soldiers' Homes but often paid lengthy visits at the home of his daughter-in-law here. Last spring he came as was his custom and spent a number of weeks at Antioch, leaving the latter part of the second week in June, to return as his relatives supposed, to the home at Danville.

After that time nothing was heard from him. His absence and long continued silence seemed unaccountable to his relatives and Thos. Wilton, who acted for Mr. Horan in all legal matters wrote several letters inquiring his whereabouts, including the number was one addressed to John Horan at the Danville home, but it was returned unopened with the words "not here" on the envelope. After Mr. Wilton's efforts had met with continual failure Mrs. Horan wrote a letter to the Chicago branch of the pension department and addressed it to Pension Agent Charles Bent, asking if John Horan was still receiving a pension and if so where he was located. On Wednesday she received a reply which contained the startling news that the aged man had expired at Danville on the fourth day of last July and that the remains had been interred at that place. This was very unexpected news to his relatives for at no time had they thought that he had passed away, supposing that if such were the case his relatives would have been notified at once.

Mr. Horan was a man eighty-eight years of age, and was numbered among the old soldiers having served in Company A, ninth Illinois Cavalry. He was a native of Ireland but America had been his home for many years. He was a well known and highly respected resident of this community, at one time living on a farm near Richmond and later moving to this place where he resided a number of years. He is survived by two daughters, Mrs. Wm. Kohler of Denver, Colorado, and Mrs. B. Murphy of Evanston, besides his relatives and numerous friends at this place.

He is survived by two daughters, Mrs. Wm. Kohler of Denver, Colorado, and Mrs. B. Murphy of Evanston, besides his relatives and numerous friends at this place.

He is survived by two daughters, Mrs. Wm. Kohler of Denver, Colorado, and Mrs. B. Murphy of Evanston, besides his relatives and numerous friends at this place.

HIGHLAND PARK WOMAN FOUND DEAD IN BED

Mrs. Della D. Morrison, widow of the late Dr. Morrison of Highland Park, who has been believed mentally deranged by her many friends, was found dead in bed late Friday evening by the management of the Highland Park Hotel, where she was staying. Mrs. Morrison is reported as having retired late Thursday evening and when she did not appear at the dinner table at noon, the management became suspicious and asked that the Highland Park police investigate.

The door of her room was broken down and she was found dead. Her death was caused by gas, which had escaped from an open jet. It is believed by her friends that in turning off the gas on retiring the night before she must have turned another or the same jet on again.

Coroner Taylor held the inquest and the jury came to the conclusion that her death was caused by escaping gas which had been accidentally left turned on. The aged woman had crippled hands which are supposed to have in some unknown manner opened the jet. She is reported as having two sons, one living in California, the other in Springfield. Both were notified immediately.

In Mrs. Morrison's room were found hundreds of curious stones that she is reported to have thought valuable, but which are proven worthless. Judge Jones has been notified and her property will be looked after.

How Enola Got Its Name.

Enola, the famous Pennsylvania railroad yard on the west branch of the Susquehanna, got its name in a strange way.

A telegraph operator who spent the lonely hours in the little watch box, with no more than half a dozen trains a day to disturb him or break the monotony, before the big yard was built, called up the Baltimore office and asked to be relieved from such a lonesome place. In sending the message he signed "operator in charge of the lower all alone." There was some trouble on the wire and the last word could not be understood. He was asked to repeat and then to spell it backward. "This he did, first "alone," then "Enola." In this way the town, which was built to order in a little more than two years, got its name.

Sensible Little Maid.

A little Chicago girl who is attending a private school wanted to go to the public school. "I'm tired," she explained, "of going to a school where the teacher calls me darling."

WAUKEGAN ZONE OF CHICAGO

Manass Gives Waukegan Credit for Being in Confiner of Trade Influence

BEARING ON TESTING PLANT

Chicago Favors Waukegan Because of Its Lake, North Shore and Rail Location as Against Elgin

The Commercial Association is very much in earnest in its efforts to land the great Federal Testing plant for Waukegan. Sufficient investigation has already been made to warrant the officers of the association in sending word to the Chicago association of commerce that a site of fifteen acres will be given for the plant.

Waukegan is in the Chicago manufacturing zone. The Chicago Association of Commerce has just arranged a map outlining what is the Chicago manufacturing zone.

This zone in round figures contains 1,000 square miles of territory. It begins a few miles north of Waukegan and circles around Chicago a few miles outside the E. J. & E. belt road and approaches the lake again at or near Gary, Ind.

This defining of what is in the judgment of the Association of Commerce the manufacturing zone of Chicago, is important to Waukegan just at this time when the Commercial Association is trying to influence the location of the Federal Testing plant at Waukegan.

Naturally Chicago does not expect to land the plant within the loop district; there is no room within the loop for such a plant.

Far seeing Chicagoans concede that in order to have all of the advantages and benefits of this the greatest institution of its kind in the world it is not necessary to land it even within the city limits of Chicago. The naval training station was not wanted within the limits of the city of Chicago.

So, in order to make clear just what is the immediate limits of Chicago's manufacturing center and environs, the Chicago association, composed of more than 2,000 representatives, set about through Industrial Agent Manass to outline the zone.

The outer curve of the zone is drawn through Libertyville, Elgin, Aurora, Joliet and thence east to a point five miles south of South Chicago, from which place it extends one mile east of Gary, Ind.

Readers will notice that Elgin and Joliet are just on the outskirts of this manufacturing zone, while Waukegan is at least ten miles within the outer edge of the zone.

Nor only is this fact important in helping to get the Federal Testing plant, but it is equally important in favorably attracting the attention of Chicago manufacturers to consider a new location in Waukegan, within the manufacturing zone.

\$14,000 FOR WOODMAN FUN AT PEORIA

Woodmen who will go to Peoria as delegates to the head camp meeting in June will be well entertained. Peoria camp of the society have in hand a little more than \$14,000 with which to defray the expenses of the camp. The Promotion club, which has been active in raising funds for this purpose, has turned over to the committee \$5,130. Head Clerk Unwos has made to the Peorians some valuable suggestions concerning the diffusion of information for the benefit of the thousands of Woodmen who will be in Peoria during the week at the head camp. At Milwaukee a red book was issued giving all the information as to committees, their location, the amusements, date and place of holding, etc., and such other information as was necessary. This will probably be done at Peoria.

NOTICE

On account of new rules in the paper business, we are compelled to ask monthly payments in advance after Feb. 1, 1908. Sunday papers will be 25c per month in advance, delivered inside the village limits, morning papers 50c per month delivered, and the Chicago Daily News and American will be 80c delivered, in advance. Please try and have all old accounts straightened up by Feb. 1, and be sure that your receipt roads paid in advance, after that date Hans Rice, news dealer.

Same Pair.

"Yes," said the parsimonious farmer proudly, "I've had these trousers off and on now for ten years." —Harvard Lampoon.

EDITORIAL NOTES.

That the value of each census, has been lessened in the exact ratio that the spoils system has been allowed in connection therewith, is a matter of fact and it is hoped that Mr. Roosevelt's earnest appeal for an honest and intelligent method of making appointments, under the rules of the Civil Service Commission, will prevail.

The tariff is an issue that cannot be neglected indefinitely, though it may not be the leading issue in the coming campaign. Sooner or later the Danegeldian sword will drop, in spite of the fact that the standpatters refuse to heed public opinion or forbid tariff legislation for the benefit of the Philippines.

The charge is made that Senator Aldrich's bill for an emergency currency is a "makeshift", and perhaps the Senator is somewhat of that opinion. Our whole system of finance has been little else than a patchwork of makeshifts for many, many years. We are inclined to the belief however that a good deal of progress has been made in right thinking on currency matters in late years, and that the people have made a notable advance in their education on this subject.

The most notable portion of the speech delivered by Secretary Taft at Cooper Union, New York, recently, and the one which will excite greater discussion among employers and employees is that part of the address in which Mr. Taft defined his attitude toward "government injunction"—so called by some of the unions. The employers' "blacklist" and the employees' "boycott" were alike condemned, and he contends that the injunction is an legitimate means to restrain abuses by labor unions as to restrain illegal acts by the industrial

or railway corporations. He admitted that the writ of injunction had been abused, though mainly through its issue ex parte, and he would have the law so amended as to prohibit its issue until after notice given and a hearing of both sides. The address was, on the whole, an impartial and lucid exposition of the various problems involving the relations of employers and employees at the present time, and it demonstrates throughout that the best friend of American labor is the Union today is William Howard Taft. The sentiments that Mr. Taft voiced in this speech would add strength to any candidate of either party for President of the United States.

Much has been said and written about Secretary Taft as the reflector of the "Roosevelt policies," and many of our contemporaries have stated that with Taft in the White House we would have merely a continuance of those policies. These statements, while incorrect in spirit are not so far wrong in substance, after all, when we consider that Mr. Taft helped, and very largely at that, to construct these policies. However, new days will bring new issues and new duties toward some of the old ones. For instance, the Philippine question will remain and what other man in our public affairs understands that question in its practical aspects as thoroughly, as comprehensively as Judge Taft? The Panama Canal will require intelligent presidential recommendation, and Cuba is still a problem. Who is more familiar with this situation or has to as great extent the confidence of the Cuban people, than Judge Taft? In all domestic matters he is equally well versed and his grasp is that of a well trained lawyer and his temperament that of a judge. By next year his experience in executive office will have encompassed ten years. This man in the White House merely a deputy? By no means! He would be loyal to his party and to his history and at the same time he would be an individual in his own right, equal to whatever might arise in our insular possessions, the far East or at home.

Kill Him, Anyhow.
It is doubtless perfectly correct, as the International sanitary congress has resolved to call malaria the "mosquito fever," but yellow fever is also a mosquito fever, and what else the mosquito is to blame for perhaps no one can tell.

CIVIL SERVICE BOARD

Second Annual Report of Commission Has Been Made Public.

AN INCREASE IN APPOINTMENTS

Positions in the Seventeen State Charitable Institutions All Filled—Promotions Are Made on Merit.

Springfield, Jan. 21.—The second annual report of the Illinois Civil Service Commission, which has just been completed, shows the positions in the seventeen state charitable institutions filled and leaves the commission with eligible lists for all but a few classes of positions.

During the year 1907 1,012 appointments were made, against 1,488 for 1906. The commission conducted 431 examinations in 24 different cities in the state. During the year ending Dec. 31, 1907, 3,193 applications were received; of this number 2,888 were notified for examinations and 1,535 were examined. The expenses of the commission for the year were \$8,036.30.

Promotion on Merit.

During the year the commission held a number of promotional examinations for first assistant physician, or chief of the medical staff, eye surgeons and ear surgeons, assistant eye and ear surgeons, supervisor and supervisors. As a result of the examinations for chief of the staff three new chiefs have been appointed at the Southern Hospital for the Insane, Anna; Eastern Hospital for the Insane, Kankakee, and the Asylum for Feeble-Minded Children, Lincoln. All of these are physicians who entered the service after a rigid medical examination conducted by the following physicians, who constituted the examining board appointed by the Civil Service Commission: Dr. Hugh T. Patrick, Dr. William E. Quinn, Dr. John B. Murphy, Dr. H. N. Moyer, Dr. E. M. Reading, Dr. Charles E. Kahler, Dr. Theodor Tietken, Dr. Robert Preble, Dr. Maximilian Herzog, of Chicago, and Dr. Frank P. Norbury, of Jacksonville. Dr. Frank Billings, now president of the State Board of Charities, was a member of the examining board until his retirement to become the head of the State Board of Charities.

There is only one woman physician in the service at Kankakee, where the civil service law became effective. Women physicians have been appointed at Anna, Peoria, Lincoln, Elgin, and another added to the staff at Kankakee.

Improved Nursing Service.

The only chief nurse in the service Nov. 1, 1905, was at the Western Hospital for Insane, Watertown. Since then chief nurses have been appointed in the hospitals for Insane at Kankakee, Elgin, Jacksonville, Peoria, Anna, and the Asylum for Feeble-Minded Children, Lincoln. The chief nurse receives from \$10 to \$75 a month. They are engaged in perfecting the nursing service of their respective institutions and aiding the medical staff in conducting training schools for the attendants. Twenty graduate nurses have been appointed to assist the chief nurses in their work in the respective institutions, the majority of them going to the Illinois Charitable Eye and Ear Infirmary, Chicago.

Medical Internes have been appointed in the Northern Hospital for Insane, Elgin, and the Eastern Hospital for Insane, Kankakee. The board of charities recommended the employment of dental internes in all institutions.

The State Psychopathic Institute, organized at the Eastern Hospital for Insane, Kankakee, for the further education and training of the assistant physicians in the various charitable institutions of the state, has just been opened. Dr. H. Douglas Slinger is the director of the institute under temporary appointment at a salary of \$3,000 per year and maintenance.

Head farmers have been placed in a number of the institutions. At the Eastern Hospital for Insane, Kankakee, and the Northern Hospital for Insane, Elgin, head farmers have been appointed after an examination which was prepared by Dean Eugen Davenport, of the University of Illinois Agricultural school of Urbana, and Mr. Frank I. Mann, of Gliman. Head farmers also have been appointed at the School for the Deaf, Jacksonville; the St. Charles School for Boys, St. Charles; the State School for Orphan Genovs, and the Asylum for Feeble-Minded Children, Lincoln.

Attendants Change Rapidly.
The report of the commission shows a material advance in the employment of men and women for the public service and indicates that in the better

paid positions employees are desirous of remaining in the service and making the work permanent. The large percentage of the changes in the institutions is among attendants. These employees do not value their positions sufficiently to desire to make the work permanent, notwithstanding better salaries are offered them that they can earn outside the public service. The conditions surrounding their work in the institutions are much more favorable than they would have outside. The men are protected from the elements and the women from the annoyances they would meet if they were in domestic service. There is a good opportunity for advancement and increase in salary. There are 757 positions as attendant in the state institutions, about equally divided between men and women.

The changes have shown that the force of attendants is renewed annually. This doesn't mean that all attendants leave the service, by any means, as about 40 per cent continue in the service. Experience has shown that the employees who show an interest in their work and desire to advance are the employees who remain.

Causes of Changes.
It is anticipated that the increase in salaries and the complete check placed upon employees by the commission will reduce the changes in the institutions materially. Seventy per cent of the attendants in the state institutions are appointed from southern Illinois. Perhaps the change from southern to northern Illinois is, in a measure, responsible for some of the changes. Many employees become homesick; some are unable to accommodate themselves to the changes in their mode of living, while others find the food unsatisfactory. Some leave to better themselves by accepting higher salaries; some get married and find it impossible to remain on that account, as the superintendents are only able to accommodate a limited number of married couples. Some leave because they do not find the work congenial, as they had anticipated. Many enter the service in the hope of finding a position in which they will have an "easy time." They discover when they reach the institution that there is work for them to do, and that if they do not perform the duties assigned to them their services are not desired.

Under the old system employees could leave one institution and go to another without the superintendents being able to keep a check on them or prevent it. Now all applications go through a central head, the State Civil Service commission, and no employee is permitted to resign from one institution and go to another when he seeks reinstatement. He must return to the institution from which he resigned, if reinstatement be granted him. This system has eventually killed the "hassling tramp" and the unfortunate wards of Illinois are no longer annoyed or abused by him.

That discipline in the state institutions has become more rigid is manifested by the number of discharges reported during the past year. These discharges were for the following causes: Disobeying rules, 38; sleeping on duty, 10; fighting, 8; insubordination, 31; cruelty, 37; and intoxication, 37. Seventy-seven employees who quit without notice are regarded as discharged because their departure was a violation of the rules of the institution, which require ten days' notice of resignation.

New Housekeepers for St. Charles.

Two of the most difficult positions the commission has been called upon to fill are housefather and housemother at the St. Charles School for Boys. These require couples, the husband being not less than twenty-eight years of age and the wife not less than twenty-three. They must have no children. Often technical duties are required of the man. These couples receive \$75 per month and maintenance. They are placed in charge of a cottage containing from twenty-five to forty boys and are responsible for their care. There are three vacancies at present which the commission is endeavoring to fill.

The civil service law was passed by the Forty-fourth General Assembly and became effective Nov. 1, 1905, placing 2,108 positions under civil service in the seventeen state charitable institutions. In the original law the exemptions in each institution were superintendent, chief clerk and stenographer. An amendment passed by the Forty-fourth General Assembly added the institution treasurer to the exemptions, so that in the seventeen institutions there are sixty-eight positions not under civil service.

Between Jan. 1 and Nov. 1, 1907, there were 421 appointments; from Nov. 1, 1905, to Dec. 1, 1906, 1,408 appointments; and from Dec. 1, 1906, to Dec. 31, 1907, there were 1,012 appointments.

Stops Political Assessments.

The law was passed on the recommendation of Governor Deneen, and in no instance since it became effective has the governor interfered with the commission in any way in the appointment of employees or sought to prevent the removal of an employee against whom complaints or charges had been made.

Local News Notes

Local Announcements and the Elgin Butter Market

ELGIN, ILL., Jan. 19.—(Editorial firm at 304.)

Hardrich's Bitters and Tonic cures the blues.

Chas. Manly is visiting relatives at Lafayette, Ill.

Sam Swartz of Waukegan was a business visitor here Saturday.

Mr. and Mrs. Al Hansen of Russell were Antioch callers on Friday last.

Mrs. Arthur VanPatten of Lake Villa visited Antioch relatives Friday.

Attorney R. W. Churchill of Grayslake transacted business in Antioch Monday.

For rent—a seven room house with barn. Inquire of H. Ries, Antioch. 224f

Geo. Hockney visited with his son Chester and family at Silverlake on Monday.

Mr. and Mrs. Ernest Faulkner moved on Monday to the Gibson house on north Main street.

Mr. and Mrs. Clarence Bolton of Bristol visited friends and relatives in Antioch Thursday and Friday of last week.

Mr. and Mrs. Lewis Savage left on Friday of last week for Saukemin, Ill., where they will visit for the next few weeks.

Girls who want to take advantage of their leap year privilege should not let up on the man as long as he doesn't actually run.

J. A. McDougall left on Saturday for Silverlake where he has accepted a position as engineer at Boyle's ice house during the ice cutting season.

Mr. Andrew Lynch spent the past week at Fond-du-Lac, where he was called to attend the funeral of P. Collins of North Fond-du-Lac, father of J. F. Collins, roadmaster of the Wisconsin Central.

Conductor G. A. Messer, who has been conductor on the gravel train at Antioch, died at St. Agnes hospital at Fond-du-Lac on Saturday morning, January 18, after being operated upon for appendicitis.

Frank Lawco who recently underwent an operation in Milwaukee is reported to be on the gain. His physicians give him strong hopes of recovering his sight although a considerable length of time will be required to complete a cure. He expects to return to his home north of town this week.

On Thursday of last week occurred the marriage of Howard Westlake of Spring Grove and Miss Edith Price of Bristol. The wedding was solemnized in Chicago at the home of John Westlake. Only the near relatives of the bride couple being present.

The Antioch News and the Chicago Daily Tribune both one year for the sum of only \$3.00. Or the Antioch News and Chicago Daily Inter Ocean both one year for the sum of \$3.00. This offer is made to all new subscribers who pay in advance and to all old subscribers who pay up arrears and one year in advance. Read this over carefully and let us hear from you.

On Monday evening January 20 Elsie Herman entertained a number of her friends at a lunch party on Friday evening of last week. The evening was spent in playing bridge and last but not least was the serving of a fine luncheon, after which the guests departed each declaring Miss Helen to be a model hostess.

The next number on the Epworth League entertainment course will be given by the Troubadours on Saturday evening January 25, at the M. E. church. This company needs no introduction to our readers, as they successfully demonstrated their ability to amuse when they filled an engagement at this place about three years ago.

II. Gestrup was over Sunday visitor at Silverlake.

Mrs. B. E. Horn was a Waukegan passenger Saturday of last week.

Two packages of Yeast Foam for 5 cents at Kuebler and Hoem's Grayslake, Ill.

E. J. Heydecker of Waukegan was transacting business in Antioch Friday.

Ten bars of Swift's Pride soap for 31 cents at Kuebler & Hoem's at Grayslake.

New and second hand pianos for sale or rent. Prices always right. L. B. Grice, 201f

Mr. and Mrs. E. L. Simons were over Sunday visitors with friends in Chicago.

For sale: Fishel strain White Plymouth Rock cockerels \$1.00 and up. Mrs. J. W. Labdon. 22w2

Miss Maude Brogan of Kenosha was an over Sunday visitor at the home of her mother here.

Mr. and Mrs. Wm. Keelman and Mr. and Mrs. Souderville visited over Sunday at Silverlake.

Thos. Wilton and Jos. Savago were business visitors in Waukegan on Saturday of last week.

Will Cornish and wife of Solon, Mo., visited at the home of Fred Klinke and family on Monday.

Charles Beuthling and wife and daughter spent Sunday and the fore part of the week with relatives at Burlington.

If you want to know who owns the swiftest horse over the ice just ask either Joe. Fillweber, Geo. Gollwitzer or J. J. Morley.

Mrs. Mary Grice who has been quite ill the past few weeks was removed to the home of her daughter, Mrs. Will Bryant on Thursday of last week.

Pete Peterson and family moved on Saturday from the Gibson house to the Hancock house which was recently vacated by F. G. Hooper and family.

The Woman's Home Missionary Society will hold its regular meeting at the home of Mrs. McNumer on Wednesday afternoon, January 29. Mrs. Welch, sec'y.

Eldora Horton has sold his house and lot, bus line, rice, etc., to Al Hanson of Russell. We understand that Mr. Horton expects to go on a large farm near Libertyville.

See Alden, Bidinger & Co., for any thing in music. Pianos, phonographs and records. Two stores, 473 Market st., Kenosha, and 209 N. Genesee st., Waukegan. For piano tuning send to us.

The officials of the Wisconsin Central railroad have seen fit to cut the salaries of their operators 5 per cent after February 1, 1908. This move was probably caused by the introduction of the eight hour law which went into effect the first of January.

There will be a masquerade ball at the Muehrcke hotel at Fox Lake, on Saturday evening, February 15, for the benefit of the Fox Lake Volunteer Fire Department. A Chicago orchestra will furnish the music. Tickets \$1.00 per couple. Rigs will be cared for free of charge.

Helen Naber entertained a few of her friends at a lunch party on Friday evening of last week. The evening was spent in playing bridge and last but not least was the serving of a fine luncheon, after which the guests departed each declaring Miss Helen to be a model hostess.

The next number on the Epworth League entertainment course will be given by the Troubadours on Saturday evening January 25, at the M. E. church. This company needs no introduction to our readers, as they successfully demonstrated their ability to amuse when they filled an engagement at this place about three years ago.

Mr. and Mrs. Chas. Webb were Chicago visitors Tuesday.

Mrs. E. Caplan is entertaining Mrs. James Bogle of Chicago.

Men's \$4.00 canvas coats for \$2.93 at Kaebber & Hoem's at Grayslake.

Miss Sylvia Mack of Solon Mills spent Tuesday with Antioch friends.

L. L. Soules returned home from his northern trip on Tuesday afternoon.

Mr. and Mrs. Geo. Kuhnert entertained Mr. and Mrs. Calenberg of Silverlake over Sunday.

For sale or rent—A new seven room house on Lake street. Inquire of Mrs. J. L. Harden, Antioch. 22w2

Mr. F. G. Boles of Chicago spent Wednesday at the home of his daughter, Mrs. Ray L. Hubbard, at this place.

Miss Cathryn Sturdevant of Defevao is a guest at the home of Mr. and Mrs. B. F. VanPatten at this place this week.

Just for a change Kuebler & Hoem of Grayslake will give you 100 pounds of their granulated sugar for \$4.75 of your money.

R. C. Higgins has severed his connections with the firm of O. J. Luca & Co. and will remain as manager of the Schenck lumber yard.

The Misses Ollie and Deedie Tiffany and Elizabeth Webb were guests of the Misses Turner at Grayslake the latter part of last week.

Hal Smith of Chicago visited over Saturday and Sunday at the home of his parents, Mr. and Mrs. Charley Smith at Channah.

The steel work on the stand pipe has been completed and the finishing touches such as the cornice and a coat of paint are now being added.

Mr. and Mrs. John VanPatten who have been visiting relatives here for the past few weeks, left on Monday for their home at Chetek, Wis.

Gray & Yopp have sold their saloon at Bassett Station to Birk Bros. Brewing Company of Chicago. The deal was closed on Tuesday of this week.

It is reported that Fulmer Joyce is to be transferred from Antioch in the near future. His many friends here regret very much that he is to leave.

Mr. Tum Webb is quite seriously ill with scarlet fever, at his home in Waukegan. His son who is also ill with the same disease is getting along nicely.

By 201 votes Saturday the citizens of Waukegan defeated the administration's project to get plans for a filtration water supply system patterned after that at Lorain, Ohio.

On account of the mild winter weather the various ice houses in this vicinity failed to begin work on Monday morning although all preparations for ice cutting had been made.

The Antioch basketball team has accepted a challenge to play the Kenosha team at Kenosha on Wednesday evening, January 29, and as a result of this challenge the Antioch team are putting forth their best efforts and devoting all their spare time to practicing and otherwise preparing for the game. This is the first time that the Antioch team has had the opportunity to match its skill with that of an opposing team. Those who are to take part in the game are the Misses Deborah Cribb, Hazel Tiffany, Belle Hughes, Jennie Davis and Reba Barnett. They will be accompanied to Kenosha by Miss Ollie Tiffany and Prof. Allen.

Average English Family. Four and a half is the average size of the English family.

Wife as a Companion.

A distinguished author says that a woman who cannot read or write but who makes her home and husband comfortable, is a far better wife than a girl who can speak six languages and does not know how to cook a dinner and keep a house clean, says a writer. Unless a bride's brat is turned to domestic account they are of very little practical use to a husband. The fact that she is a brilliant musician and a mistress of French and Italian is poor consolation for burnt chops and muddy coffee. Talent, like charity, should begin at home, and no woman can be called clever who does not use her wit first toward achieving home comfort and skilled housekeeping. At the same time I know many a bride who is ignorant of "book learning," shaky in her spelling and a shocking housewife, too! After all, to be clever and to cultivate one's mind—without neglecting cooking and the domestic arts—makes a wife a more charming companion to her husband.

It Does The Business.

Mr. E. E. Chamberlain, of Clinton, Maine, says of Backen's Arnica Salve: "It does the business; I have used it for piles and it cures them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25c at J. H. Swan's drug store.

Most Brutal Regret.

We note the accident which happened to Maj. Young last Tuesday. He was trying to groom a handful of peanuts from Jenkins' peanut roaster when he accidentally caught his little finger in the machinery and the tip of the finger is there yet. The injury is painful, though not necessarily fatal, which is to be regretted.—Riverfront (Cal.) Republican.

At a Ticking Cough.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's cough cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation, even to very young babes. The wholesome green leaves and tender stems of a long-leaved mountain shrub furnish the curative properties to Dr. Shoop's cough cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the doctor uses, "The Sacred Herb." Demand Dr. Shoop's. Take no other. Sold by J. H. Swan.

Strange Tattooing.

A London author says that dragons and serpents are now popular with women. One of the strangest tasks he has been engaged on lately was to tattoo a will on a woman's back. It was a copy of a document drawn up in the usual way of a solicitor. It contained nearly 500 words, and he had to reproduce carefully all the signatures.

A Higher Health Level.

"I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer, of West Franklin, Maine. "They keep my stomach and bowels working just right." If these pills disappoint you on trial, money will be refunded at J. H. Swan's drug store. 25c.

Poetry at a Discount.

What chance has a poet in these days? A very poor chance in this country. He may sell 1,000 copies, and if so, he is a very fortunate man. But 1,000 copies will bring him only \$50, and that is poor pay for the thought, the imagination and the labor condensed into a volume of poetry. Nor are things much better in America.—London Reader.

KILL THE COUGH AND CURE THE LUNGS

WITH Dr. King's New Discovery FOR COUGHS

AND ALL THROAT AND LUNG TROUBLES.

GUARANTEED SATISFACTORY OR MONEY REFUNDED.

PRICE 50c & \$1.00. Trial Bottle Free.

Weak Women

To weak and ailing women, there is at least one way to help. Buy with that way, two bottles of Dr. Shoop's Night Cure. One is for the constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative is the internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all ailing, all ailing, and all ailing.

The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, once pervaded, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—tablets or liquid—use a general tonic to the system. For positive local help, use as well

Dr. Shoop's Night Cure

J. H. SWAN.

ANTIOCH

ILLINOIS

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both Home of Swamp-Root, sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y. on every bottle.

Surely King of Burglars.

The most enterprising burglar as yet recorded is the Long Island chap who not only escaped from a brand-new county jail the other night but took with him all the locks and door-knobs in the place. If they catch him they ought to promote him to the best penitentiary in the land as a tribute to his genius.

If a cough once gets into your system it acts on every muscle and fibre of the body and makes you ache all over. It especially affects the intestines and makes you constipated, so in order to get rid of a cold thoroughly and without delay you should not take anything that will tend to constipate. Kennedy's Laxative Cough Syrup acts upon the bowels and thereby dries the cold out of the system. It contains no opiates—it is pleasant to take and is highly recommended for children. Sold by J. H. Swan.

EX-BANKER GUILTY

JOHN R. WALSH CONVICTED OF MISAPPROPRIATING FUNDS.

IS HELD ON 54 COUNTS

Jury Returns Verdict in Case of Chicago Financier After 37 Hours' Deliberation—Appeal to Be Taken.

Chicago.—Following a trial covering a period of nine weeks, John R. Walsh, the former financial and political chieftain, was Saturday found guilty of misappropriation of funds of the Chicago National bank. The jury returned the verdict after having been out 37 hours.

Formal motion for a new trial was made by Attorney Miller, and Judge Andersen set the motion for a new trial for argument at ten a. m. Tuesday, January 28, continuing the bail bonds of \$50,000 on which Mr. Walsh has been at liberty.

"Fight Just Begun," Says Walsh. Immediately after the reading of the verdict Mr. Walsh was appealed to for an expression.

"The fight has just begun," he said. "I have nothing more to say."

The sentence under the verdict of guilty must be that the defendant be imprisoned for not less than five years. The law does not permit the substitution of a fine for prison term. The section of the law under which Mr. Walsh was found guilty provides a penalty of not less than five nor more than ten years. The verdict of guilty on 54 counts would make possible a sentence of 540 years should the maximum be pronounced. It is the custom in cases of this sort, according to attorneys, for the sentences to run concurrently.

From Newsboy to Financier.

John R. Walsh was a unique figure in the history of Chicago. His growth has been practically coincident with the growth of the city. As a boy he came here when the city was a village, and as a man the village that he knew has grown to its greatest proportions as himself. Irish emigrant, newsboy, small merchant, politician, banker, railroad president and newspaper publisher mark the chapters in the life of John R. Walsh, central figure in the great trial that closed Friday. From a humble cottage in Linstown, Ireland, to

John R. Walsh.

a reputed multimillionaire and captain of finance was the transition of which Mr. Walsh dreamed when as a boy he sat around the peat fires in Ireland and listened to the tales of older men who had visited America. He realized his dreams, only to have them shattered in a night, following a day of distress and worry in the money markets. Walsh was ambitious, and money was his ambition. When at the age of 12 years he was brought to America by his parents he was disappointed. That was in 1849, when the gold fever of California was at its height. The boy wanted to proceed overland to California. His parents decided to remain in Chicago and lay the foundations for the Walsh fortunes.

John sold papers for a while on the streets. That was too slow for him, and he gradually mounted up until he became one of the country's greatest financiers.

Earthquake at Gonaves, Hayti. Port au Prince, Hayti.—A serious earthquake has occurred at Gonaves, 65 miles northwest of this city. A few houses have been destroyed and others were damaged. No loss of life has been reported. Communication with the town is broken. The shocks continue. The first was followed by a tidal wave. Among the buildings destroyed are the commercial houses of Herrmann, Ador & Jolbert.

Bad Collision in Fog at Paris. Paris.—In an impenetrable fog which enshrouded Paris and its suburbs Sunday, rendering all transportation most dangerous, two electric cars collided at Vitry. Forty persons were injured, several of them seriously.

Fire Perils Feeble-minded. Marshall, Mo.—Fire, which started in the attic of a cottage of the Missouri Colony for the Feeble-minded and Epileptic Sunday, did damage amounting to \$10,000 and imperiled the 125 patients.

BATTLESHIP FLEET SAVED

PLOT OF ANARCHISTS TO DESTROY IT DISCOVERED.

Foiled by Brazilian Police—Jean Fedher, Arch-Conspirator, May Be Arrested—Surprise in Washington.

Rio Janeiro.—The Brazilian police have discovered an anarchistic plot here having as its object the destruction of part of the American fleet now lying in the harbor. The conspiracy while centering in Rio Janeiro and Petropolis, has ramifications in Sao Paulo and Minas Geraes.

An individual named Jean Fedher, who resided in Petropolis, was the chief conspirator here although it is understood that foreign anarchists are deeply involved in the plot. Fedher is believed to have fled to Sao Paulo and the others have taken refuge in the interior. One of the detectives, who was well acquainted with Fedher, having served on the police force at Petropolis for some time, returned from that place Sunday, after having made investigations there, and had a long conference with the chief of police at Rio Janeiro. The latter gave it to be understood later that the Sao Paulo police are on the track of the arch conspirator and expect to arrest him soon.

In an official note the chief of police says:

"Some time before the arrival of the American fleet at Rio Janeiro, the Brazilian government received word from Washington and Paris that anarchists of different nationalities intended to damage one or several of the ships of the American fleet. The names and addresses of the conspirators were indicated by information which the police here had received previously from France and Germany. The police of this district are working with the police of Sao Paulo and Minas Geraes and I am sure every precaution will be exercised and the most rigorous vigilance observed both on land and at sea to prevent any injury being done."

Washington.—Rear Admiral John E. Pillsbury, chief of the bureau of navigation of the navy department, was greatly surprised to learn Sunday night of the discovery of an anarchistic plot in Rio de Janeiro, the object of which is the destruction of a part of Rear Admiral Evans' battleship fleet. It was the first intimation the admiral had had of such a plot. "I cannot believe it; it seems preposterous," said Admiral Pillsbury.

TRAIN FALLS FROM TRESTLE.

Three Killed and Two Hurt in Accident in Indiana.

Corydon Junction, Ind.—Three men were killed and two persons fatally injured here Sunday when a giant engine of the Southern railway, west-bound from New Albany, plunged from a 90-foot trestle, turning a complete somersault in the air and dragging down with it two freight cars and a caboose.

The dead are: Clarence Dunham, engineer; W. H. Scott, fireman, and Frank Carter, brakeman. James W. Pritchett, conductor, and Clyde Stewart, brakeman, were injured.

Just 20 minutes before the wreck occurred an Evansville passenger train, every coach filled with Sunday excursionists, had passed over the trestle.

RENT RIOT IN NEW YORK.

Officers Attempt to Evict Tenants and Are Mobbed.

New York.—Forceful resistance by tenants whom an upper East side landlord was trying to evict resulted Friday in the gathering of a crowd of 2,000 or more sympathizers in the neighborhood, who made so much trouble for the police that the precinct reserves were called out. During the rioting four women and a number of men were taken into custody.

The immediate purpose of the demonstration, however, was effected, the marshal deciding not to attempt the serving of more dispossession warrants at the time.

Ohio Educator Dies Suddenly.

Columbus, O.—Allen Campbell Burrows, professor of English in Ohio State university, died suddenly Sunday at his home in this city. He had been ill with the grip for about a week, but death was not expected. Prof. Burrows was about 67 years of age. He was graduated from Western Reserve University at Cleveland in 1861 and taught successively at Phillips academy, Western Reserve and Iowa Agricultural college. In 1894 he was elected to the chair of English literature in Ohio State university.

Mill and Elevator Burned.

Kenora, Ont.—The Maple-Leaf mill belonging to the Hedley-Shaw company were destroyed by fire early Wednesday. The elevator, in which was stored over 200,000 bushels of wheat, was also destroyed. The loss will reach \$1,000,000; insured.

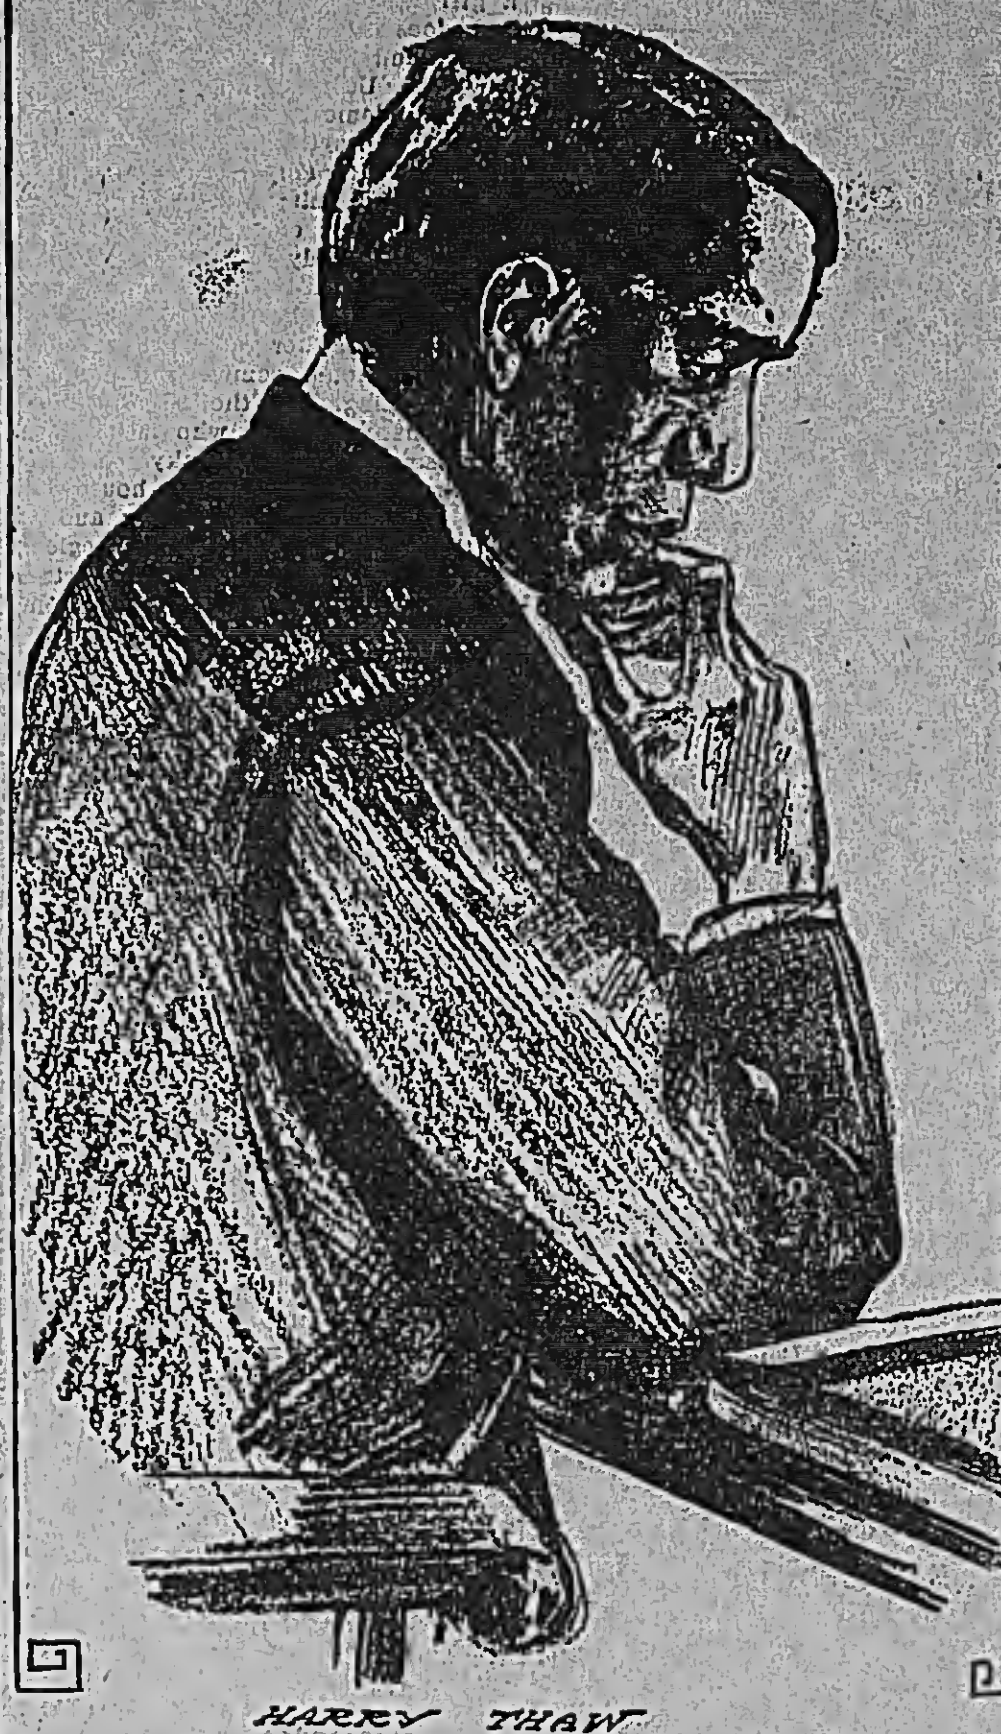

Miners Long Entombed Are Rescued.

Ely, Nev.—After having been entombed 46 days in the Alpha shaft of the Glouven mine, A. D. Bailey, P. J. Brown and Fred McDonald have been rescued. They were weak but otherwise uninjured by the experience.

Charles Emory Smith Dies.

Philadelphia.—Charles Emory Smith, editor of the Press, former minister to Russia and former postmaster general, died suddenly at his home in this city Sunday, aged 65 years. Death was caused by heart trouble.

DEFENDANT IN MURDER CASE AS HE LISTENS TO THE TESTIMONY IN COURT.

HARRY THAW

NO MERCY FOR ABE RUEF

IMMUNITY OF THE EX-BOSS OF FRISCO IS CANCELED.

District Attorney Langdon Announces He Will Be Prosecuted on Every Charge Pending.

San Francisco.—The situation in the bribery graft prosecution brought about by the recent decision of the circuit court of appeals, setting aside the indictment for extortion against ex-Mayor Eugene E. Schmitz on which he was tried and convicted, reached a climax late Saturday night, when Prosecuting Attorney Langdon announced that all question of immunity for Abraham Ruef is at an end and that on Monday he would ask Superior Judge Lawlor to set for trial one of the charges of bribery against Ruef now pending in Lawlor's court.

It was also announced that every charge against Ruef will now be pressed to a conclusion.

It is intimated that the prosecution will appeal to the supreme court from the decision of the court of appeals in the Schmitz case. In making the announcement that Ruef would be placed on trial the prosecuting attorney made public a detailed formal contract between Ruef and the prosecution, made last May. In this contract it was provided that the state would grant Ruef almost complete immunity from prosecution in consideration of his going on the witness stand and testifying to the whole truth against each and every defendant brought to trial in the graft cases.

An exception was made in the Ruef extortion case, which was then on trial and in which it was agreed that Ruef was to plead guilty, which he did in a dramatic manner a few days after the contract was signed.

The prosecution claims that Ruef did not live up to his agreement when T. L. Ford, counsel general of the United Railways, was tried and acquitted on one of the charges of bribery against him. When the court of appeals rendered the decision on the same indictment to which Ruef had pleaded guilty, Ruef, the prosecution charges, thought he saw his way clear to defy the prosecution.

Three Killed by Wood Alcohol.

Vallejo, Cal.—John Hart of the cruiser St. Louis died Thursday from the effects of wood alcohol, surreptitiously taken. He is the third victim in a week to succumb to the poisonous drink, two other sailors are badly blind from the same cause and five others may never again be fit for active service. The men procured the wood alcohol from Hableum cement.

Torpedo Bots Reach Rio.

Rio Janeiro.—The American battleship fleet was joined Friday in the harbor of Rio Janeiro by the torpedo boat flotilla, numbering six vessels, which arrived from Pernambuco and anchored near the 16 big battleships.

Fatal Shooting in Illinois Town.

Springfield, Ill.—Donald Stevenson, a salesman for a mining company of Breckenridge, Col., was probably fatally shot by O. B. Hewitt, a lawyer, at Taylorville Friday. Hewitt gave himself up and was released on bail.

MOROCCAN REBELS ROUTED.

Great Victory Is Gained by French in Desperate Battle.

Tangier.—News has reached here of a terrific ten hours' engagement in a ravine near Setaat Wednesday between a French column under the command of Gen. d'Amade, and a column commanded by Mulai Rachid, one of the chiefs of Mulai Hafid's forces.

The French gained a splendid victory in the face of heavy odds, succeeding in dispersing the enemy and occupying Setaat. Twenty of the French soldiers were wounded, but many of the Arabs were killed. The latter not only offered a dogged and fearless defense, but returned repeatedly to the battle after they had been routed, and attacked the French from three sides.

In the later hours of the fighting Mulai Rachid's column was suddenly re-enforced by the powerful Chaoula tribe, which figured in the massacres at Casablanca and which had arrived from the mountains at the very moment when Mulai Rachid was about to retreat.

Under the combined charge of the now confident Moors, the French not only held their ground, but steadily threw back the enemy, driving them eventually in mad haste to the hills. The engagement between the French and the Moors followed immediately upon a 25 hours' march of Gen. d'Amade's column, and under these trying circumstances the French forces are considered to have shown more than ordinary stamina and bravery. The French wounded include three officers.

After destroying the camp of the enemy at Setaat, Gen. d'Amade pushed forward and occupied Kasbah Ber Rohid.

Harriman Must Answer.

New York.—E. H. Harriman was directed in a decision given by Judge Hough in the United States circuit court Thursday, to answer all questions propounded to him by the interstate commerce commission except those relating to the purchase of the Union Pacific and Southern Pacific railroad stock in connection with the dividend of August, 1906. Judge Hough also directed Otto H. Kuhn of Kuhn, Loeb & Co. to answer all questions asked him by the interstate commerce commission.

Chicago Has \$600,000 Fire.

Chicago.—Fire which started Friday night in the six-story building at 19 to 23 Market street, occupied by the wholesale grocery of the McNeil & Higgins company, caused \$600,000 damage, besides injuring several firemen and causing a scare in a hotel.

Guatemala Railway Opened.

Guatemala City, Guatemala.—The Guatemala Northern railway, the third line of rails within Latin America connecting the Atlantic and Pacific oceans, was opened Sunday with elaborate ceremonies. President Cabrera, with the high officials of the government, was present at the ceremonies and an American delegation, which included Maj. Gen. George W. Davis, who represented the United States, was in attendance to do honor to the great work made possible by American enterprise.

REPEATS HER STORY

EVELYN THAW TESTIFIES; THE PUBLIC NOT EXCLUDED.

MR. JEROME IS PITILESS

Breaks Up Story by Objections and Subjects the Witness to a Severe Cross-Examination.

New York.—Mrs. Evelyn Nesbit Thaw told her story Monday for the second time. The repetition lacked the vitality of the first recital, but the great crowd in the courtroom where her husband, Harry Kendall Thaw, is on trial for the killing of Stanford White, listened intently to every word. Justice Dowling had ruled that he found no warrant in the law for closing the doors against the public.

Mrs. Thaw's story was broken into bits by constantly repeated objections from the prosecution, who sought to exclude all details on the ground of immorality. The frequent objections led Justice Dowling to request Mr. Littleton to cut his examination as short as possible. Mr. Littleton took this course only to find that on cross-examination Mr. Jerome insisted upon reading from last year's record nearly every word the witness had then uttered. He did this under the privilege of framing new questions.

Mr. Littleton objected to it, declaring that the district attorney, by reading the former testimony in a disagreeable manner, was trying to discredit the witness in the eyes of the jury when he could not discredit her in any way by a direct question.

Mr. Jerome made no attempt to disguise a tone of complete contempt in reading the testimony. Contempt also characterized most of the questions he put to the witness, whom he attacked in the loudest voice he has yet used in the trial. Mr. Jerome plunged at once into the more intimate details of the testimony and made no delicate choice of words in framing his interrogations.

Mr. Littleton's objections on the ground of "offensiveness and impropriety" frequently were sustained by the court.

But one new feature appeared in the testimony of the witness. This was when she told about Thaw swallowing the contents of a bottle of laudanum at Monte Carlo in 1904 in an attempt to end his life.

BODIES OF MURDERED FOUND.

Italian at Florence, Col., Makes Partial Confession to Police.

Florence, Col.—The dead bodies of three of the four Italians whose disappearance from this city in the last three months has baffled the police, were found Monday buried at a distance of about 150 yards from the home of Antonio Nornio, alias Antonio Bavari, who is under arrest, charged with the murder of four persons.

The corpses are those of Dominio Minichello, who was a partner of Nornio in a market gardening business; Ercole Buffetti, an employee at the garden, and Mrs. Frank Palmetto, who had been Nornio's housekeeper. Nornio disclosed the hiding place of the bodies when threatened with immediate hanging if he did not tell all that he knew about the murders. However, he declared that the murders were committed by Joseph Minichello, the missing man, and not by himself.

LYNCHED NEGRO NOT DEAD.

Mob Was Too Hasty and Intended Victim May Recover.

Dothan, Ala.—The negro, Grover Franklin, who Sunday night was taken from Sheriff Butler and his deputies and hanged to a tree, is again in the hands of the law and stands a chance for recovery. The mob was so closely followed by the officers and law-abiding citizens determined it possible to avert the lynching, that they did not have time to get their victim outside the corporate limits and hurriedly strung him up to the first tree and thinking they had rid the town of him with bullets, fled. On the arrival of the officers the negro was still alive and was immediately cut down and placed in the county jail.

Bayer of Lives Remembered in Will.

Marshalltown, Ia.—As a reward for saving the life of Mrs. C. C. Thompson and daughter of Chicago 19 years ago, W. E. Gornhart of Madrid, Ia., was the beneficiary of the will of Mr. Thompson, who died recently, to the extent of \$10,000.

Rufus Draper, Minneapolis, Dead.

Minneapolis, Minn.—Rufus Draper, one of the long-time residents of Minneapolis, is dead at the home of his daughter in this city after an illness of more than a year.

Headless Body in Lake.

Chicago.—The headless and nude body of a woman was found floating in the lake Monday. It is believed she was murdered.

Bomb for a Mine Captain.

Bismark, Minn.—A dynamite bomb was thrown against the house of Thomas Nicholas, captain of the Mohawk iron mine, near Aurora, early Monday morning. The explosion tore one side of the house into splinters and threw Nicholas, his wife and four children from their beds. A baby sleeping with its parents was badly injured. Alarmed by the attempt on the life of Capt. Nicholas, mining superintendents and captains throughout the range have arranged to have their homes guarded.

This woman says that sick women should not fail to try Lydia E. Pinkham's Vegetable Compound as she did.

Mrs. A. Gregory, of 2355 Lawrence St., Denver, Col., writes to Mrs. Pinkham:

"I was practically an invalid for six years, on account of female troubles. I underwent an operation by the doctor's advice, but in a few months I was worse than before. A friend advised Lydia E. Pinkham's Vegetable Compound and it restored me to perfect health, such as I have not enjoyed in many years. Any woman suffering as I did with backache, bearing-down pains, and periodic pains, should not fail to use Lydia E. Pinkham's Vegetable Compound."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

SICK HEADACHE

Positively cured by these Little Pills.

Illinois State News

Recent Happenings of Interest in the Various Cities and Towns.

TEAM HEADQUARTERS BURN.

Met Home of Crack Woodmen Destroyed by Fire.

Joliet.—Roberson hall, the headquarters of the champion drill team of the Modern Woodmen of America, was destroyed by fire. The team is the one which was awarded the chief prize at the St. Louis world's fair. All the team's equipment was destroyed, and the members may not be able to compete at the coming contests of the head camp in Peoria. The team rank, Knights of Pythias of Joliet, also lost their equipment in the fire and the roller skating rink in the building was ruined. The hall was built in 1875 and had been the scene of many memorable political conventions. The loss is \$25,000; insured.

DAMATIC DEATH OF VETERAN.

Went to Vacant Chair of Dead Comrade While Making Speech.

Marion.—Dr. J. B. Hayes, aged 72 years, a civil war veteran, died of heart trouble, with which he was

MANIAC WOOLER KILLS TWO.

Denied Permission to Wed Daughter, Uses Weapon.

Elizabethtown.—Because Joseph Banks refused to give his daughter in marriage to Allen Morrow, an insane man, Morrow shot and killed Banks and his brother, Martin Banks, at Karlar's bridge, in Hardin county. Morrow himself was wounded by William Banks, son of the murdered man, and is locked up in jail. The Banks family is one of the most prominent in the county. They did not know Morrow personally, and he was not even a friend of Miss Lucy Banks, the pretty daughter of Joseph Banks. He has recently been released from the second time from the state insane asylum.

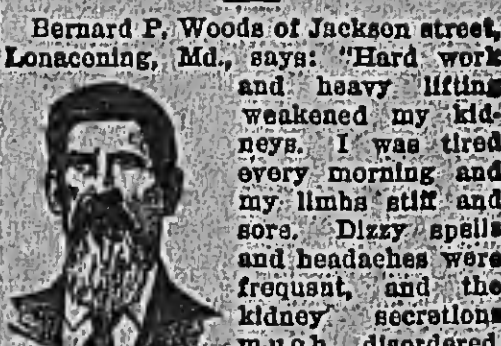

RICH ILLINOIS WOMAN DIES.

Mrs. Bradley, Peoria, Leaves Estate of \$4,000,000.

Peoria.—Mrs. Lydia K. Bradley, one of the richest women in Illinois, died aged 92 years. Her fortune is estimated at \$4,000,000. She was the founder of the Bradley Polytechnic institute and of the Bradley home for

WORK WEAKENS KIDNEYS.

The Experience of Mr. Woods is the Experience of Thousands of Others.

Bernard P. Woods of Jackson street, Lonsconing, Md., says: "Hard work and heavy lifting weakened my kidneys. I was tired every morning and my limbs stiff and sore. Dizzy spells and headaches were frequent, and the kidney secretions much disordered. This continued for fifteen years and until I began using Doan's Kidney Pills. Then I improved steadily until cured, and naturally, I recommend them strongly."

BEYOND LIMIT OF PATIENCE.

Explanation Satisfied Policeman That Punishment Was Due.

Policeman Kneifem, of the Tenderloin precinct, saw an old man beating a small boy on Seventh avenue recently in a fashion that reminded the officer of the happy days when he used to beat it from the parental beating. So with a cheerful smile, having children of his own, the policeman approached the old man.

"Listen," replied the man; "half an hour ago I sent Isaac to the delicatessen. I gave him two quarters, one with which to buy bread, the other to buy fish. And now he comes back and says he wants to know which quarter is for the fish and which for the bread. Is it enough?" "It is," replied Kneifem.—New York World.

ITCHING HUMOR ON BOY.

His Hands Were a Solid Mass, and Disease Spread All Over Body—Cured in 4 Days By Cuticura.

"One day we noticed that our little boy was all broken out with itching sores. We first noticed it on his little hands. His hands were not as bad then, and we didn't think anything serious would result. But the next day we heard of the Cuticura Remedies being so good for itching sores. By this time the disease had spread all over his body, and his hands were nothing but a solid mass of this itching disease. I purchased a box of Cuticura Soap and one box of Cuticura Ointment, and that night I took the Cuticura Soap and lukewarm water and washed him well. Then I dried him and took the Cuticura Ointment and anointed him with it. I did this every evening and in four nights he was entirely cured. Mrs. Frank Donahue, 208 Fromont St., Kokomo, Ind., Sept. 10, 1907."

It Makes Trade. Homer Folks, New York's noted authority on charity, said the other day of an applicant for help:

"His recommendation was not very satisfactory. It reminded me of a woman I heard about recently."

"Somebody said to this woman's husband:

"So you've insured in the Blank company, eh? Who on earth induced you to choose that of all concerns?"

"My wife," was the reply. "She says they issue the prettiest calendars."

The Peruna Almanac in 8,000,000 Homes.

The Peruna Lucky Day Almanac has become a fixture in over eight million homes. It can be obtained from all druggists free. Be sure to inquire early. The 1908 Almanac is already published, and the supply will soon be exhausted. Do not put it off. Speak for one to-day.

A very stout person named Gray was asked why he stood in this way.

"It is," he replied, "a matter of pride."

For it makes me look taller, they say!"

Important to Mothers. Examine carefully every bottle of CASTORIA, a safe and sure remedy for infants and children, and see that it bears the

FITS, St. Vitus Dance and all Nervous Diseases permanently cured by Dr. Kline's Great Nerve Restorer. Send for Free \$2.00 trial bottle and treatise. Dr. R. H. Kline, Ltd., 931 Arch St., Philadelphia, Pa.

Every addition to true knowledge is an addition to human power.—Mann.

ONLY ONE "HOMO QUININE" That is LAXATIVE BROMO QUININE. Look for the signature of Dr. W. G. GROVE. Used the World over to Cure a Cold in One Day. 25c.

Will it be the same old resolutions with a new coat of varnish?

It's the judgment of many smokers that Lewis' Single Binder 5c cigar equals in quality the best 10c cigar.

Remember it's a poor resolution that will not hold water.

NO BLESSING FOR HER.

Disappointed Youngster Discriminated In His Prayer.

For several weeks, little Ralph had enjoyed the use of a Shetland pony, the property of a horse dealer who was a friend of the family. But much to Ralph's sorrow, there came a day recently when the pony was sold, and the delightful horseback rides came to a sudden end. The purchaser, as Ralph found out by inquiry, was a little girl of about his own mature age of five. Ever since his acquaintance with the pony began, Ralph had included him in his bedtime prayer, and "God bless the pony," was an earnest nightly petition. The first evening after the sale of the pony, Ralph hesitated when he reached his pet's place in the prayer. Then, after a moment's thought, he continued: "Please, God, bless the pony just the same; but, God, don't you bless the little girl what's got the pony."

GENEALOGICAL.

The Bull Pup—I suppose this is what they call a family tree.

Hopeless Case.

Evangelist Torrey, who prides himself upon the number of his converts, met one hardened sinner in Chicago whom he failed to convert. The minister had been preaching to a tent full of people. He had described the vices of the rich, and had painted Biblical analogies at their luxuries. One man in the back of the tent had seemed to be much interested. He leaned forward to catch every word. Torrey, taking the interest to mean approaching conversion, redoubled his efforts. "The road to hell is lined with vintage, wine, beautiful women and fine automobiles!" he exclaimed. With a sigh as of relief, the man in the back of the tent arose. "Oh, death, where is thy sting?" he said.

Something New Under the Sun.

A lady in Illinois sent us 12c a year ago for our remarkable collection of vegetable and flower seeds and sold \$37.70 worth therefrom, or made 314%. That's new.

Just send this notice with 12c and receive the most original seed and plant catalog published and

1 pkg. "Quick Quick" Carrot..... \$.10
1 pkg. Earliest Kipo Cabbage..... \$.10

Brains can make money, but money can't make brains.

REV. TROUTMAN SENDS BEST WISHES FOR PE-RU-NA

Rev. George A. E. Troutman, Mt. Washington, Mo., Writes,

"My Wife and I Are Strong Believers in Pe-ru-na."

Catarrh and La Grippe. Rev. Geo. A. E. Troutman, Mt. Washington, Mo., writes: "My wife and I are strong believers in Peruna."

"For several years I have been troubled with a peculiar spasmodic affection of the throat. It would seize me suddenly and for a few minutes I would be unable to speak audibly, and my breath would be greatly interfered with. I would be obliged to gasp for breath. "I finally concluded that it was some catarrhal affection which probably excited the spasm. It interfered with my vocation as a preacher, attacking me occasionally in the pulpit. "I had heard so much about Peruna as a catarrh remedy that I determined to try it. After taking two bottles, my trouble has disappeared. I feel sure that Peruna has greatly benefited me." Rev. P. E. Swanson, Swedish Baptist Pastor, Box 228, Grimsburg, Wis., writes that from the use of Peruna he is perfectly well, entirely cured of chronic diarrhea and catarrh.

I was cured of a bad case of catarrh when nothing else that I tried had any effect. My wife was cured from a severe case of la grippe, and we feel that the least we can do is to gratefully acknowledge the merit of Peruna. "My wife joins me in sending best wishes for your success."

Throat Trouble. Rev. H. W. Tate, 920 Lincoln Avenue, Walnut Hills, Cincinnati, Ohio, writes:

Ask Your Druggist for Free Peruna Almanac for 1908.

For Spavin Curb or Splint Sloan's Liniment is unsurpassed. It penetrates and relieves pain very quickly—needs very little rubbing—and does not leave a scar or blemish. An antiseptic remedy for thrush, fistula and any abscess. PRICE 25c, 50c & \$1.00. Sloan's Treatise on Horses, Cattle, Hogs and Poultry. Sent Free. Address Dr. Earl S. Sloan, Boston, Mass., U.S.A.

NO MORE MUSTARD PLASTERS TO BLISTER. THE SCIENTIFIC AND MODERN EXTERNAL COUNTER-IRRITANT. Capsicum-Vaseline. EXTRACT OF THE CAYENNE PEPPER PLANT TAKEN DIRECTLY IN VASELINE. DON'T WAIT TILL THE PAIN COMES—KEEP A TUBE HANDY. A QUICK, SURE, SAFE AND ALWAYS READY CURE FOR PAIN.—PRICE 15c. IN COLLAPSIBLE TUBES MADE OF PURE TIN—AT ALL DRUGGISTS AND DEALERS. OR BY MAIL—ON RECEIPT OF 15c IN POSTAGE STAMPS. A substitute for, and superior to, mustard or any other plaster, and will not blister the most delicate skin. The pain-relieving and curative qualities of the article are wonderful. It will stop the toothache at once, and relieve Headache and Sciatica. We recommend it as the best and safest external counter-irritant known, also as an external remedy for pains in the chest and stomach and all Rheumatic, Neuralgic and Gouty complaints. A trial will prove what we claim for it, and it will be found to be invaluable in the household and for children. Once used no family will be without it. Many people say "It is the best of all your preparations." Accept no preparation of vaseline unless the same carries our label, as otherwise it is not genuine. Send your address and we will mail our Vaseline Booklet describing our preparations which will interest you. 17 State St. CHESEBROUGH MFG. CO. New York City

Rank Footsickness

"When attacked by a cough or a cold, or when your throat is sore, it is rank footsickness to take any other medicine than Dr. King's New Discovery," says C. O. Eldridge, of Empire, Ga. "I have used New Discovery seven years and I know it is the best remedy on earth for coughs and colds, croup and all throat and lung troubles. My children are subject to croup, but New Discovery quickly cures every attack." Known the world over as the King of throat and lung remedies. Sold under guarantee at J. H. Swan's drug store. 50c and \$1.00. Trial bottle free.

Yield of Fifty-Nine Pear Trees.
Fifty-nine pear trees in Washington on less than an acre produced nearly 1,000,000 boxes of fruit and netted over \$2,000. The trees were the Anjou variety.

A Cure for Malaria

"I have found a cure for the misery malaria poison produces," says K. M. James, of Louellen, S. C. "It's called Electric Bitters, and comes in 50c bottles. It breaks up a case of chills or a bilious attack in almost no time; and it puts yellow jaundice clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of "lame back." Sold under guarantee at J. H. Swan's drug store.

TREVOR

Mr. Wyman returned from Texas Monday evening.
Mrs. Mary Hegeman of Antioch spent Saturday with Mrs. Terpening.
Mr. and Mrs. Drom, Mr. and Mrs. W. Parks were Kenosha visitors on Wednesday last.
Mrs. Havens will entertain the Ladies Aid Society on Thursday afternoon, Jan. 23.
Ira Bown, Fred Shreck and Ruben Turnock were Kenosha passengers Wednesday morning.
Master Milton Patrick spent the first of the week with his grandmother, Mrs. Palmatier, at Salem.
Mrs. Frank Yaw and daughter were guests of her parents, Mr. and Mrs. McGinty, on Saturday.

The social held at Mr. Booth's last week Wednesday evening was a success both socially and financially.

Quite a number of our Trevor people attended the oyster dinner at the McVey hotel at Camp Lake Tuesday, given by the Liberty Cemetery Helpers.

Kodol for Dyspepsia and Indigestion is the result of a scientific combination of natural digestants with vegetable acids and contains the same juices found in a healthy stomach. It is the best remedy known today for dyspepsia indigestion and all troubles arising from a disordered stomach. Take Kodol today. It is pleasant, prompt and thorough. Sold by J. H. Swan.

Equality of the Sexes.
New Jersey, which recently sent a woman highwayman to jail, has now indicted a man as a "common scold."

To check a cold quickly get from your druggist some little candy cold Tablet called Preventics. Druggist everywhere are now dispensing Preventics for they are not only safe but decidedly certain and prompt. Preventics contain no quinine, no laxative, nothing harsh nor sickening. Taken at the "incubation stage" Preventics will prevent pneumonia, bronchitis, in grippes, etc. Hence the name, Preventics. Good for feverish children. 48 Preventics 25c. Trial boxes 5c. Sold by J. H. Swan.

Man's Influence.
The amount of value of a man's influence for good or evil upon the world will generally depend upon the character of his intellect and unconscious influence.—T. Starr King.

When the Stomach, Heart, or Kidney nerves get weak, then these organs always fail. Don't drug the Stomach, nor stimulate the heart or kidneys. That is simply a makeshift. Get a prescription known to druggists everywhere as Dr. Shoop's Restorative. The restorative is prepared expressly for these weak inside nerves. Strengthen these nerves, build them up with Dr. Shoop's Restorative—tablets or liquid—and see how quickly help will come. Free sample test sent on request by Dr. Shoop, Racine, Wis. Your health is surely worth this simple test. Sold by J. H. Swan.

Mr. and Mrs. H. B. Gains spent Sunday in Kenosha with Mr. and Mrs. Fred Murdoch.

Mrs. Porrtgo's brother visited her from Thursday till Monday prior to going to Florida for the winter.

Messrs. C. E. Williams, Fred Sholliff, C. H. Whitchee and Wells Curtis returned from their Texas trip Saturday. They report having had a fine trip and seeing some very nice country, but that Bristol was good enough.

When you want the best, get Dewitt's Carbolyzed Witch Hazel Salve. It is good for little or big cuts, boils or bruises, and is especially recommended for piles. Sold by J. H. Swan.

Hydrophobia Plus.
A little girl came running to tell about a mad dog she had seen. "We saw a mad dog!" she gasped, but the words seemed too tame to do justice to the situation. "Oh, he was mad, mad!" she added, frowning and pumping her fists. "He was furious!"—Harper's Weekly.

It is very important and in fact it is absolutely necessary to health that we give relief to the stomach promptly at the first signs of trouble—which are belching of gas, nausea, sour stomach, headache, irritability and nervousness. These are warnings that the stomach has been mistreated; it is doing too much work and is demanding help from you. Take something once in a while, especially after meals; something like Kodol for Dyspepsia and Indigestion. It will enable your stomach to do its work properly. Sold by J. H. Swan.

Resolutions of Respect.

Resolutions of sympathy and respect adopted by Olson camp number 459, Antioch, Ill., in memory of Neighbor Anna Hooper who died, Jan. 11, 1909.

Whereas, The Angel of Death has entered our camp for the fifth time and taken from our midst our esteemed Neighbor Anna Hooper, and cast the shadow of sorrow over the home of her loved ones; Be it therefore

Resolved, That we, the members of our camp, extend heartfelt sympathy to the bereaved husband and family in their time of sorrow.

Resolved, That our charter be draped in mourning for a period of thirty days, and that a copy of these resolutions be sent to the bereaved family and to the local paper for publication, and also be spread upon the records of our camp as a tribute to her memory.

God, in His love and wisdom, Has taken our Neighbor away; Has taken the fifth of our number To dwell in eternal day.

Erma Powles,
Lottie Johnson,
Artie Grice,
Committee.

For the Linen Chest.

Lavender balls for the linen chest are made by mixing dried lavender flowers with a solution of gum tragacanth and lavender water. Ten drops of lavender oil should be added for every quarter of a pound of flowers. Roll the balls in powdered orris.

Dietary Professions.

The question was recently asked in a newspaper: "What is the most dismal of professions?" Among those that occurred to us as having a claim to be so considered were grave digging, scavenging, listening to congressional orations and the writing of poems—or articles—that nobody reads. The washing of dishes may be made interesting if done scientifically.

Rats Multiply Rapidly.

Within 12 months one pair of rats will propagate 800. The female begins to breed when three months old. Each litter numbers ten to fourteen. From a single pair of rats, breeding unchecked for three years, each litter averaging ten, there would be represented ten generations, number 20, 155,392. The eleventh generation, at the beginning of the fourth year, would number more than a hundred millions.

Is Barred from Telephone.

A New York man is allowed a telephone in his office only on condition that he never uses it himself. The reason for this is that the man is naturally so profane that his ordinary conversation shocks the most hardened, and when he goes to the phone the operators faint, one after another. On one occasion he put a whole exchange out of business.

Ocean's Uniform Temperature.

At 1,000 fathoms below the surface of the ocean there is a uniform temperature just above freezing point.

Most people know that if they have been sick they need **Scott's Emulsion** to bring back health and strength.

But the strongest point about **Scott's Emulsion** is that you don't have to be sick to get results from it.

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

And it contains no drug and no alcohol.

ALL DRUGGISTS: 50c and \$1.00.
